

The Baruch Academic Rebound Program, Fall 2026

What is the BAR Program?

The Baruch Academic Rebound (BAR) Program provides a weekly, one-on-one tutoring appointment with an experienced SACC tutor for students who are repeating a course. BAR can help you complete the course successfully and regain your academic momentum.

Who is eligible?

BAR is for students who are repeating a course at Baruch in which they previously received a grade of F, FIN, NC, or any form of W. The list of courses covered by BAR changes from semester to semester. Fall 2026 BAR courses are listed on the back of this flier.

Why should I participate?

Students who complete the BAR Program earn passing grades and achieve course success (C or better) at rates significantly higher than other students repeating the same courses. In surveys, almost all participants say the BAR Program helped them improve their study strategies, understand course material better, and earn higher grades.

How do I sign up?

To sign up for BAR, make an appointment to meet with a member of the SACC staff briefly on Zoom to review the program policies and choose a time and day for your weekly tutoring session. The sign-up period for BAR is **Friday, August 28 to Wednesday, September 2**. You can schedule your appointment **up to a week ahead of time**.

To the right of these dropdowns is a "Search..." button.

98% of students who have done the BAR Program would recommend it to other students. Here are some of their reasons why:

- “The consistency of staying with the same tutor so they know how you learn and grasp material, making it easier every time.”
- “the quality of tutor, the weekly email reminders, it creates a safe place for questions if you are stuck”
- “The program helped me become intentional about academic success in the previously failed course by maintaining my progress through weekly sessions. It made the course easier to pass and the material so much more digestible.”
- “The best thing was how I didn’t have to book a time every single week for a tutor session. I liked how it was all planned for me, all I had to do was show up.”
- “The best thing about the BAR program is the personalized help you get from seeing one tutor every time you go. My tutor really got to know me and my strengths/weaknesses and used that to help me”
- “My tutor was very knowledgeable about the subject and always treated me with such respect that didn't make me feel ashamed for not knowing as much as she did. Very sweet and patient, and smart of course.”
- “Being held accountable to attend tutoring sessions which drove me to do better and not slack off.”
